

Ice Fishing Everyone!

We are having a fishing “gathering” in conjunction with the NDNGLA convention similar to last year if ice and weather allow. We will all meet at the Cormorant Pub (10790 Cty Hwy 5, Pelican Rapids, MN) at 9am on Sunday, January 27, 2019 and caravan to the lake. (Note the new date – Sunday instead of Saturday as in past years). The evening banquet will be held in a private room at the Cormorant Pub, and dinner will be sponsored by several companies. There will be a bar set up if you wish to purchase refreshments on your own. Shore lunch out on the ice will be provided around noon by Herman Roerick of Central Landscape Supply. Bring your own water, pop, coffee or beverage for the day of fishing. Herman and Tyrel are organizing the fishing gathering this year. We will probably fish till until about 5. Lake location is yet to be determined. We will try to find a lake where rest room facilities are nearby, but no guarantees on that. We will need a head count, so if you have questions and/or have plans on attending, please call Tyrel or Herman. You will be responsible for your own hotel accommodations for that evening.

Note that The Cormorant Inn and The Cormorant Pub are two different establishments about a ½ mile apart. Please call or email us at least a week ahead so we can get a head count for the dinner as it is catered. Thanks. Herman and Tyrel
